

Organization	Location	Action Type	Date	Description	Impact
Greenpeace	Greenland	Protest	2021-06-15	Protest against oil drilling in the Arctic.	Raised awareness about oil impacts on Arctic ecosystems.
Sierra Club	Alaska	Campaign	2021-07-10	Campaign to protect the Arctic National Wildlife Refuge.	Influenced policy proposals in Congress.
WWF	Northwest Territories	Research	2022-01-20	Research on wildlife migration patterns due to climate change.	Data used for conservation strategies.
Climate Reality Project	Barrow	Education	2021-09-05	Workshop on climate impacts to local communities.	Increased local engagement in climate solutions.
Friends of the Earth	Iceland	Advocacy	2021-11-30	Advocacy for renewable energy adoption.	Pushed for legislative changes to promote green energy.
Greenpeace	Arctic Ocean	Direct Action	2022-03-25	Boarded a drilling ship to prevent Arctic oil exploration.	Highlighted risks of Arctic oil drilling.
Indigenous Climate Action	Nunavut	Advocacy	2022-05-14	Support for Indigenous land rights in climate discussions.	Enhanced representation of Indigenous voices in policy.
Earthjustice	Arctic National Wildlife Refuge	Legal Action	2022-08-08	Sued the government over oil leasing in protected areas.	Temporarily halted oil drilling operations.
Alaskan Wilderness League	Alaska	Campaign	2022-10-12	Campaign against the Willow Project.	Received significant media coverage.
Arctic Wildlife Refuge Defense Coalition	Alaska	Coalition Building	2021-12-04	Formed coalition to protect the Arctic Refuge.	Unified multiple organizations towards a common goal.
350.org	Greenland	Mobilization	2021-04-22	Global climate strike focusing on Arctic issues.	Brought attention to fossil fuel dependencies affecting the Arctic.
Polar Bears International	Canada	Research	2022-02-10	Study on polar bear population decline and habitat loss.	Guided conservation efforts for polar bears.
Ocean Conservancy	Bering Sea	Cleanup	2022-06-03	Beach cleanup focusing on marine debris.	Removed hundreds of pounds of plastic debris from beaches.
National Geographic Society	Arctic	Awareness Campaign	2021-07-21	Launched campaign to educate about climate research in the Arctic.	Public engagement increased significantly.
Indigenous Climate Network	Alaska	Community Event	2022-04-16	Cultural event highlighting Indigenous knowledge and climate change.	Strengthened community bonds and environmental stewardship.
Ecological Society of America	Greenland	Conference	2021-10-08	Hosted a conference on Arctic ecosystems and climate adaptation.	Facilitated collaboration among scientists and activists.
Environmental Defense Fund	Alaska	Policy Advocacy	2021-05-19	Lobbying for stronger climate policies impacting Arctic.	Influenced local and national policy discussions.
Renewable Energy World	Iceland	Project Launch	2022-01-15	Launch of solar energy project in remote communities.	Reduced dependence on fossil fuels in local areas.
Green Social Democrats	Finland	Legislation	2022-01-30	Introduced bill for Arctic protection in parliament.	Set the stage for future legislation on Arctic conservation.
Arctic Council	Arctic	Diplomatic Efforts	2021-09-01	Negotiations on international Arctic environmental policies.	Advanced regional cooperation on climate issues.
One Tree Planted	Alaska	Reforestation	2021-03-12	Tree-planting initiative to restore Arctic habitats.	Contributed to ecosystem recovery efforts.
Climate Action Network	Arctic	Network Building	2022-11-05	Built an international network of climate activists focused on Arctic issues.	Enabled resource sharing and collaboration between organizations.
Impact Fund	Greenland	Grant Program	2021-12-11	Launched grants for innovative climate solutions in Arctic communities.	Supported grassroots initiatives and projects.
Arctic Initiative	Various	Awareness Campaign	2022-10-25	Campaign to inform the public about Arctic climate issues.	Increased awareness and advocacy for Arctic preservation.
Local Indigenous Leaders	Nunavut	Community Planning	2021-08-28	Developed a community-led plan for sustainable development.	Incorporated traditional knowledge into climate resilience strategies.
Green Arctic	Norway	Public Engagement	2021-11-19	Organized public forums to discuss climate issues in the	Fostered local community discussions about climate

			Arctic.	solutions.
Bravo Project	Canada	Awareness Campaign	2021-10-05 Awareness campaign against Arctic shipping routes.	Raised questions about the environmental impact of shipping.
Friends of the Arctic	Denmark	Petition	2022-03-02 Gathered signatures for protecting Arctic biodiversity.	Influenced local policy discussions on conservation.
Young Explorers	Greenland	Expedition	2021-06-22 Youth expedition to study effects of climate change in the Arctic.	Engaged youth in hands-on climate science research.
Arctic Monitoring and Assessment Programme	Arctic	Research Initiative	2022-02-14 Initiative to monitor climate changes in Arctic regions.	Produced important scientific reports and data.
Climate Justice Alliance	Alaska	Coalition Building	2022-05-22 Built a coalition of activists focusing on Arctic justice.	Unified multiple grassroots organizations to amplify voices.
Ocean Action Project	Arctic Ocean	Research	2022-06-08 Studied the impact of climate change on Arctic marine life.	Guided future conservation efforts.
Protect the Arctic	Various	Advocacy	2021-01-22 Advocacy campaign to prevent drilling in the Arctic.	Gained international media attention and support.
Global Witness	Alaska	Research	2022-01-17 Reported on human rights issues associated with Arctic climate change.	Raised awareness of the intersection of rights and climate issues.
Arctic 30	Arctic Ocean	Direct Action	2021-05-05 Direct action against illegal fishing practices in Arctic waters.	Shined a light on environmental regulation enforcement.
Society for Conservation Biology	Greenland	Research	2021-02-11 Research on climate impacts on Arctic wildlife.	Contributions to scientific literature and conservation strategies.
Reclaim the Arctic	Various	Public Demonstration	2021-07-23 Demonstrations demanding an end to Arctic fossil fuel projects.	Mobilized thousands in protests across multiple cities.
Climate for Health	Alaska	Education Program	2022-03-29 Educational programs connecting health and climate change in the Arctic.	Increased community awareness of health impacts from climate change.
Nature Conservancy	Arctic Regions	Conservation Project	2022-06-15 Conservation project aimed at protecting migratory bird routes.	Improvement in surveyed bird populations.
Coalition for the Protection of the Arctic	Arctic	Advocacy	2021-10-30 Advocated for international agreements on Arctic protection.	Influenced international climate negotiations.
Arctic Explorer Program	Greenland	Education	2021-03-17 Program to educate students about Arctic geology and climate change.	Engagement of young people with scientific inquiry.
Polar Perspectives	Norway	Research	2022-02-05 Research into impacts of climate change on polar habitats.	Provided data for policymaking and advocacy.
Protect Our Winters	Alaska	Advocacy	2021-01-11 Advocated for policies to mitigate climate change's impact on winter sports.	Influenced public discussion on climate and recreation.
Greenland Climate Action	Greenland	Awareness	2021-09-07 Public awareness campaigns on local climate impacts.	Increased community dialogue about adaptation strategies.
International Arctic Research Center	Alaska	Research	2021-11-12 Research on climate variability in the Arctic.	Produced influential climate reports for policymakers.
Climate Justice Mission	Canada	Mobilization	2022-04-13 Mobilization for climate action focused on the Arctic.	Increased participation in local governance related to environmental issues.
Alaska Center for Climate Assessment and Policy	Alaska	Research	2021-02-22 Assessment of climate change impacts on Alaskan communities.	Influenced local decision-making processes.
